

# PROJECTS WANTED!

## WANETA TERRESTRIAL COMPENSATION PROGRAM

PROVIDES FUNDING TO CONSERVATION PROJECTS LOCATED IN THE WANETA, BC AREA.

Between 2012 and 2018, the Waneta Expansion Conservation Program (WTCP) will provide financial support to projects that promote conservation and habitat restoration in the Waneta area. WTCP will allocate up to \$50,000 annually towards projects that:

1. are located within the Waneta area;
2. have a terrestrial ecosystem focus; and
3. benefit the natural environment.

### Eligible projects include:

Research, habitat creation (e.g. restoration, rehabilitation), habitat protection, species inventories, educational programs, development of management plans, invasive species control, and land acquisition.

### How to apply:

2018 is the final intake year for this program. Deadline for applications is January 31, 2018. The program is open to for-profit and not-for-profit organizations and individuals. Visit [www.columbiapower.org/wtcp](http://www.columbiapower.org/wtcp) to download an application and view previously funded projects.
